Special Glad List

Greetings to you — glad fans and friends. And thanks for your fine orders of last year. This is our fourth cataloging of glad bulbs and we say, without boasting, that our crop this year is the most beautiful lot of bulbs we have ever seen. We have them cleaned and ready for shipping.

Order early! Last year we sold out a short time after mailing our list, and had to return many orders unfilled. We are pricing the stock we have to sell at SPECIAL PRICES in order that we may dispose of our supply in the shortest possible time. We will give good count on varieties we have in quantity.

About Sizes — We cut fine blooms grown from all sizes of bulbs. It requires two or three weeks more time for the smaller bulbs to bloom and not all small will bloom the first year, but they will grow into large bulbs for the following season. Our bulbs are all grown from young stock and are high crowned and vigorous. Medium sized bulb give nice bloom — of course you may expect your finest bloom from large bulbs.

About Culture — Soak all glad bulbs before planting. A satisfactory solution is one teaspoonful of Lysol to one quart of water — Soak for two hours and plant while wet. Glads require good culture and plenty of moisture — at least the equivalent of one inch of rain each week.

Spray for Thrip — A 5 percent solution of DDT — wettable or dust every week.

Shipping — We pay postage on orders of \$3.00 or more — Add 35c for postage and packing on smaller orders.

Terms — For orders over \$5.00 you may add 10 percent in bulbs. — On orders over \$10.00 you may add 15 percent in bulbs — On orders over \$25.00 you may add 25 percent in bulbs.

No C.O.D.'s Please — Our bulbs must please you — you are the judge. All orders subject to stock on hand.

OUR SUPER SPECIAL on SPIC and SPAN

10 SMALL SIZED BULBS \$5.00

100 BULBLETS \$5.00

We have only 600 bulbs and 5,000 bulblets to sell at this Special, less than wholesale price. No discount on this special.

Our Spic and Span, grown from a No. 4 bulb, won Grand Champion at the Nebraska State Glad Show in Omaha in 1947. Spic and Span by an Iowa grower was again Grand Champ at the same show in 1948. Spic and Span won the 3 spike champion in the Iowa State show in 1948. It is a Winner — at the above Special you can afford to grow this top flight glad in 1949.
